It is also planned to: a) produce an updated version of the School's history, b) produce a film of the year's celebrations, and c) to re-publish the 1956 film. These items may be ordered at the various functions.

It is intended to expand the numbers of persons looking after the Reunions, with, hopefully, a small group caring for each year group, within the structure of the decade Reunion. If you are able to help with this, please contact us.
